

Stand Out by Enrolling in AP Courses

Now is the time for your child to start thinking about what AP[®] courses they want to take in the upcoming school year.

By taking an AP course and exam your child can:

- Build valuable skills useful for all high school classes
- Boost their GPA
- Stand out on college applications
- Help colleges and scholarships find them
- Earn college credit and/or placement
- Save time and money
- Get comfortable with college-level work

With 38 AP courses offered, your child can get a head start on college with courses that align to their strengths and interests. Your child should check with their school to find out which courses are available.

MOST POPULAR AP COURSES BY GRADE

9TH GRADE

- AP Human Geography

10TH GRADE

- AP World History: Modern
