4- Compares the target culture with the student's own or another community, including some supporting details and mostly relevant examples

3- Compares the target culture with the student's own or another community, including a few supporting details and examples

2- Presents information about the target culture and the student's own or another community, but may not compare them; consists mostly of statements with no development

1- Presents information only about the target culture or only about the student's own or another community, and may not include examples

Please note, in each instance, the changes were only made to the second bullet point.
