Individual Written Argument (IWA)**48 points****General Scoring Notes**

When applying the rubric for each individual row, you should award the score for that row based solely upon the criteria indicated for that row, according to the preponderance of evidence.

0 (Zero) Scores

- A score of 0 is assigned to a single row of the rubric when the response displays a below-minimum level of quality as identified in that row of the rubric.
- Scores of 0 are assigned to all rows of the rubric when the response is **off-topic**; a repetition of a prompt; entirely crossed-out; a drawing or other markings; or a response in a language other than English.

Off-Topic Decision:

For the purpose of the IWA, if the response is not in any way related to a theme connecting at least two of the stimulus materials it will be counted as off-topic and will receive a score of 0.

- Considering the student-oriented scoring approach of the College Board, readers should reward the student who derives their ideas from at least two of the stimulus materials, even if they wandered away from them as they pursued their topic.
- If you can infer any connection to a theme derived from two or more stimulus materials, the response should be scored. A failure to adequately incorporate the stimulus materials falls under rubric row 1, not here.

A READER SHOULD NEVER SCORE A PAPER AS OFF-TOPIC. INSTEAD, DEFER THE RESPONSE TO YOUR TABLE LEADER.

NR (No Response)

A score of NR is assigned to responses that are blank.

(For example, as providing relevant context for the research question, or as evidence to support relevant claims.)</p>
Decision Rules and Scoring Notes		
<p>Typical responses that earn 0 points include a reference to the stimulus material that:</p> <ul style="list-style-type: none"> • Is tangential. • May misrepresent what the sources are discussing/arguing or may use the source in such a way that ignores its context. • Is only used for a definition or facts that could be obtained from other, more relevant sources. • Is no more than a jumping-off point for the student’s argument, no more than a perfunctory mention. • Could be deleted with little to no effect on the response. 		
<p>Typical responses that earn 5 points include a reference to the stimulus material that:</p> <ul style="list-style-type: none"> • Reflects an accurate understanding of the source and demonstrates an understanding of its context (e.g., date, region, topic). <p>AND</p> <ul style="list-style-type: none"> • Presents an essential and authentic reference to the source, which if deleted, would change or weaken the argument. 		
<p>Additional Notes</p> <ul style="list-style-type: none"> • References to stimulus materials may be included multiple times in the response; only one successful integration of stimulus material is required to earn points.
