

2023 AP[®] Drawing

Selected Works—Score 3

Scoring Criteria

Writing

Written evidence **identifies** materials, processes, and ideas.

2-D/3-D/Drawing Art and Design Skills

Visual evidence of **moderate** 2-D/3-D/Drawing skills.

Materials, Processes, and Ideas

Visual relationships among materials, processes, and ideas are **evident** but **may be unclear** or **inconsistently demonstrated**.

Score Rationale

The written evidence identifies materials, processes, and ideas in these five works. For example, work 1 identifies the Bokeh effect to achieve the background patterning and the subsequent reflections appearing in the foreground.

The drawing skills in this selection of works are moderate. In work 1, the crows' rendering exemplifies proficient drawing skills. However, the remaining works demonstrate inconsistent drawing skills. While there is an ambitiousness to the development of the shadows from the fire escape in work 2, the balconies to the right lack an understanding of linear perspective. Notably, composition and painting skills in work 5 are less technically proficient.

While the visual relationships among materials, processes, and ideas are evident, they are unclear and inconsistently demonstrated. In work 1, the statement indicates the Bokeh effect informed the drawing's background. This information might have been more informative if there was a connection between the idea and the Bokeh effect. Similarly, the relationship between the acrylic dandelions and the drawing (work 2) and a pen tool to create specific shapes related to "Daydream" (work 3) is unclear. Further elaboration is needed in work 5 to connect the process(es) with the idea.

Work 1

Selected Works

Height: 16

Width: 20

Idea(s):

Memories of birds playing in a road

Materials: Charcoal

Process(es):

Drew crows, then added Bokeh effect in the background.

Work 2

Selected Works

Height: 22

Width: 18

Idea(s):

Memories of fire escape stairs in
Chambersburg, PA.

Materials: Charcoal, Acrylic

Process(es):

Focused on the details of the building,
then added acrylic dandelions.

Work 3

Selected Works

Height: 14

Width: 11

Idea(s):

Daydreaming in the bus to school.

Materials: Adobe Illustrator

Process(es):

I used the pen tool to create shapes in Illustrator.

Work 4

Selected Works

Height: 10

Width: 18

Idea(s):

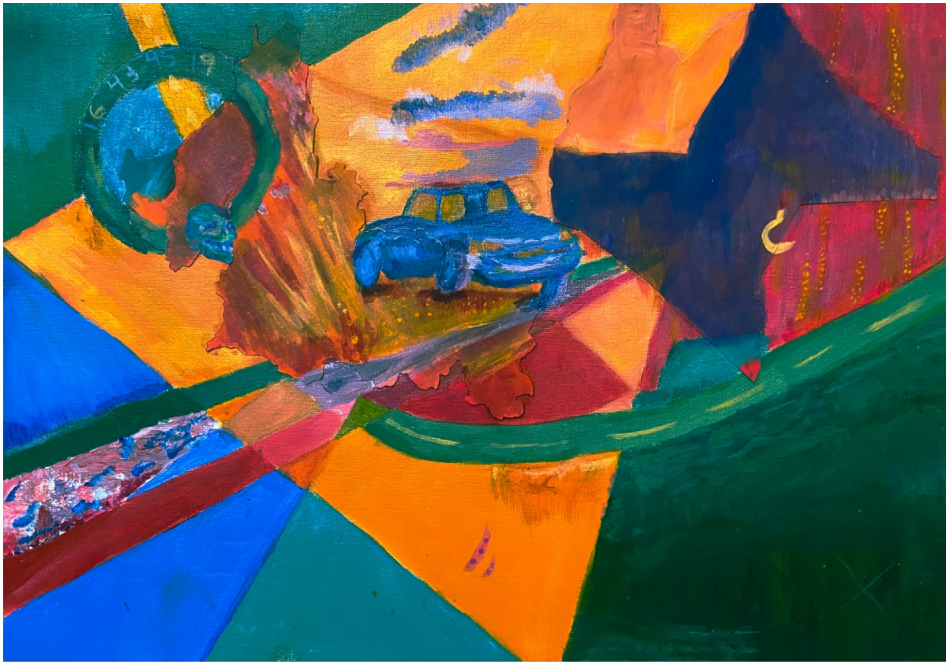

August 2017 lunar eclipse in Ortanna, PA

Materials:

Adobe Illustrator, Adobe Photoshop

Process(es):

Used the pen tool to create a forest,
added light using Photoshop.

Work 5

Selected Works

Height: 13

Width: 20

Idea(s):

Fears of time passing, second-hand stories/memories from what parents call home.

Materials: Acrylic, Construction paper

Process(es):

Painted base, then glued in the construction paper. Added details.
