Ordering Your Free AP Course and Exam Description Binder

As part of the new resources and processes coming to AP[®] in the 2019-20 school year, we've revised the course and exam descriptions for most AP courses. The updated course and exam descriptions more clearly outline the content and skills that will be taught in the course and assessed on the AP Exam.

Within the course and exam descriptions, teachers will find unit guides that have:

- An outline of the content and skills covered on the exam;
- A suggested pacing and sequencing to plan courses and instruction; and
- Unit weighting aligned to the exam to help focus instruction throughout the year.

And, for the first time ever, customizable course and exam description binders are available to all teachers of Course Audit-authorized courses—for free.
