Advanced Placement European History Sample Syllabus #1

This course serves as an introduction to the history of Europe from 1450 to the present. It divides European History into nine units, each of which will be covered thoroughly during the year. Although there are certainly a lot of names, wars, and dates involved, this class is primarily a class about **ideas** and **skills**. From the time of the Renaissance, when we can see the seeds of many of today's values emerging, through the fall of Communism, this class teaches the evolution of history through seven themes:

- Interaction of Europe and the World (INT)
- Economic and Commercial Developments (ECD)
- Cultural and Intellectual Developments (CID)
- States and Other Institutions of Power (SOP)
- Social Organization and Development (SCD)
- National and European Identity (NEI)
- Technological and Scientific Innovation (TSI)

The **historical skills and reasoning processes** we will be working on this year are:

1. Identify and explain historical developments and processes.
2. Analyze sourcing and situation of primary and secondary sources.
3. Analyze claims and evidence in primary and secondary sources.
4. Analyze the context of historical events, developments or processes.
5. Using the reasoning processes below, analyze patterns and connections between and among historical developments and processes.
 - a. Comparison
 - b. Causation
 - c. Continuity and change
6. Develop an argument.

Textbook: Donald Kagan's *History of Western Civilization* (Pearson, 2014) **CR1**

Summer Reading:

Machiavelli's *The Prince* (Dover Publications, 1992) (primary source: textual) **CR1**

Ross King's *Brunelleschi's Dome: How a Renaissance Genius Reinvented Architecture* (Bloomsbury 2013) (secondary source) **CR1**

Syllabus: AP European History

All units outlined below follow the *AP European History Course and Exam Description* published by the College Board.

For example, through the activities in Unit 1 of this syllabus, these topics will be covered:

- Contextualizing Renaissance and Discovery
- Italian Renaissance
- Northern Renaissance
- Printing
- New Monarchies

CR1

The syllabus must include the following:

1. Title, author, and publication date of a college-level European history textbook.
2. Specific examples of primary sources from each category, clearly identified:
 - Textual (documents)
 - Visual (images or artwork)
 - Maps
 - Quantitative (charts, tables, graphs) student-generated sources are not acceptable
3. Specific examples (title and author) of at least two scholarly secondary sources beyond the course textbook (e.g., journal articles, critical reviews, monographs).

- Technological Advances and the Age of Exploration
- Rivals on the World Stage
- Colonial Expansion and Columbian Exchange
- The Slave Trade
- The Commercial Revolution
- Causation in the Renaissance and Age of Discovery

In conjunction with the above organization by unit, this syllabus will outline opportunities for regular Student Practice

Throughout each unit, **Topic Questions** are provided to help students check their understanding. The Topic Questions are especially useful for confirming understanding of difficult or foundational topics before moving on to new content or skills that build upon prior topics. Topic Questions can be assigned before, during, or after a lesson, and as in-class work or homework. Students will get rationales for each Topic Question that will help them understand why an answer is correct or incorrect, and their results will reveal misunderstandings to help them target the content and skills needed for additional practice.

At the end of each unit or at key points within a unit, **Personal Progress Checks** will be provided in class or as homework assignments in AP Classroom. Students will get a personal report with feedback on every topic, skill, and question that they can use to chart their progress, and their results will come with rationales that explain every question's answer. One to two class periods are set aside to re-teach skills based on the results of the Personal Progress Checks.
