

# Course at a Glance

## Plan

The Course at a Glance table provides a useful visual organization of the AP Human Geography curricular components, including:

- Sequence of units, along with approximate weighting and suggested pacing. Please note that pacing is based on 45-minute class periods meeting five days each week for a full academic year.
- Progression of topics within each unit.
- Spiraling of the big ideas and course skills across units.

## Teach

### SKILL CATEGORIES

*Skill categories spiral throughout the course.*

<b>1</b> Concepts and Processes	<b>3</b> Data Analysis
<b>2</b> Spatial Relationships	<b>4</b> Source Analysis
	<b>5</b> Scale Analysis

### BIG IDEAS

*Big Ideas spiral across topics and units.*

<b>PSO</b> Patterns and Spatial Organization
<b>IMP</b> Impacts and Interactions
<b>SPS</b> Spatial Processes and Societal Change

## Assess

Assign the Personal Progress Checks—either as homework or in class—for each unit. Each Personal Progress Check contains formative multiple-choice and free-response questions. The feedback from the Personal Progress Checks shows students the areas where they need to focus.
